HF Happenings 1007

The SARL HF Phone on Sunday 7 August

The aim of the SARL HF Contests is for participants to contact as many amateurs in Southern Africa as possible on the 20, 40 and 80 m amateur bands using phone, RTTY and CW.

The HF Phone contest will be held on Sunday 7 August, you can participate as a Single Operator Single Radio - Single Band station, a Single Operator Single Radio - All Band station, a Multi Operator - Single Band station or a Multi Operator - All Band station. YL and Youth stations must clearly mark their logs as YL or Youth.

The contest is divided into three (3) periods of operation. 14:00 to 14:30 UTC everybody is on 20 metres; 15:00 to 16:00 UTC everybody is on 40 metres and 16:30 to 17:00 UTC everybody is on 80 metres.

The frequency segment on 20 metres has been 14,125 to 14,150 for more than 20 years – now there are amateurs saying there is an error in the Blue Book! Strange that they did not spot the "error" in November 2021 when the 2022 Blue Book was out for review!

There are three trophies for the HF Phone contest – the highest score on a single band, the highest score on all three bands and the highest score achieved by the Phone contestant in his or her first year of phone. Candidates for this trophy shall state the date of the issue of the licence on the summary sheet.

Get all the information in the 2022 SARL Contest Manual and read the General Rules in the document.
